## FOR IMMEDIATE RELEASE

### Nightly Closures Scheduled for I-5 Project in Sacramento County

*Loud construction noises expected for FixSac5 project*

**Sacramento County** — Nightly Construction work on the FixSac5 project continues in Sacramento County showing that the 2021 construction season is again in full swing.

Crews are scheduled for pavement removal throughout the project area from Elk Grove to the American River. The work is necessary to construct new lanes that have deteriorated over the years. Nearby residents should expect loud construction type noises.

The work is part of the \$370 million FixSac5 Project, which includes rehabilitating 67-lane miles of roadway, building 23 miles of carpool lanes and upgrading the existing electrical and drainage systems.

#### DAILY SCHEDULE:

- 9 p.m. to 5 a.m. Monday through Friday with some weekend work.
- Daytime work will be done behind k-rail and will not restrict lanes.

Motorists traveling through the work zone should expect lane restrictions and should be aware of commercial work vehicles traveling in and out of the area. The work zone speed limit has been reduced to 55 MPH and the California Highway Patrol will be present for traffic enforcement. For more information on this project text 'FixSac5' to 74121 or visit [www.FixSac5.com](http://www.FixSac5.com). Caltrans encourages the public to follow construction updates on Twitter and Facebook @FixSac5.

When weather permits, crews work in the construction zone during the day and night, and the speed limit has been reduced to 55 mph for the safety of workers and motorists. The speed limit will be enforced 24/7. Caltrans advises motorists to “Be Work Zone Alert” – someone’s loved one is at work.

Work is scheduled to begin as listed but subject to change due to traffic incidents, weather, availability of equipment and/ or materials, and construction related issues. Check out Caltrans’ “Caltrans QuickMap” for current road conditions at [quickmap.dot.ca.gov/](http://quickmap.dot.ca.gov/) or download the free QuickMap app on the [App Store](#) or [Google Play](#). Motorists also can call the California Highway Information Network automated phone service at 1-800-427-ROAD (7623).
